SUMMER INTERN:
Schuler Shook’s Chicago office seeks a highly motivated, detail-oriented person to be our 2016 Summer Intern. You will learn more about architectural lighting and contribute to a variety of interior and exterior lighting projects.

TO APPLY:
Email your resume and portfolio link to Jim Baney, Partner: jbaney@schulershook.com

REQUIREMENTS:
- Be currently enrolled in a Lighting Design MFA program or an Architectural Engineering program in the Lighting Option.
- Possess excellent writing and communication skills
- Proficiency with AutoCAD, Revit, Photoshop, Word, Excel, and AGI32. Daylighting analysis experience with Rhino or Daysim is a plus.
