

CV

Mario A. Medina, Ph.D., P.E.

Associate Dean for Academic Affairs – School of Engineering
Professor - Civil, Environmental & Architectural Engineering Department
University of Kansas
Eaton Hall 1C, 1520 W 15th St., Lawrence, KS 66045-7609
Ph. (785) 864-3604, FAX (785) 864-5631, mmedina@ku.edu

Education

Ph.D. Mechanical Engineering - Texas A&M University, 1992
Area of Study Energy Systems
Specialization Thermal Analysis of Buildings
Transient Heat and Mass Transfer Modeling
M.S., B.S. Mechanical Engineering (M.S. Minor: Mathematics), Texas A&I University, 1988, 1987

Professional Registration

State of Kansas - Mechanical Engineer.

Work Experience

July 2020 - Present

Associate Dean for Academic Affairs. School of Engineering. The University of Kansas.

August 2001 - Present

Professor, Associate Professor, Assistant Professor. Civil, Environmental & Architectural Engineering Department. The University of Kansas.

August 2014 – June 2020

Associate Department Chair. Civil, Environmental & Architectural Engineering Department. The University of Kansas.

August 2014 – July 2015

Director of Laboratories. Civil, Environmental & Architectural Engineering Department. The University of Kansas.

May 2013 - June 2013

Invited Professor of Civil Engineering. College of Civil Engineering. Hunan University, Changsha, China.

May 2013

Invited Professor of Building Physics. School of Energy and Environment. Southeast University, Nanjing, China.

May 2012 - June 2012

Invited Professor of Building Physics. School of Energy and Environment. Southeast University, Nanjing, China.

May 2009 - June 2009

Invited Professor of Building Physics. School of Human and Environmental Sciences. University of La Réunion, La Réunion, France.

August 1998 - August 2001

Assistant Professor. Architectural Engineering Department. The University of Kansas.

August 1996 - August 1998

Assistant Professor. Mechanical & Industrial Engineering Department. Texas A&M University-Kingsville.

January 1993 - August 1996

Visiting Assistant Professor. Mechanical & Industrial Engineering Department. Texas A&M University-Kingsville.

January 1992 - January 1993

Research Associate. Energy Systems Laboratory. Texas Engineering Experiment Station.

January 1989 - January 1992

Research Assistant. Mechanical Engineering Department. Texas A&M University.

Related Experience

August 2014 – Present

Academic Council Member: Architectural Engineering Institute (AEI).

August 2005 - Present

Advisor: Tau Beta Pi Engineering Honor Society.

October 2002 - December 2007

Executive Board Member. West-Central Wind Research Consortium (W2RC).

July 2000 - August 2005

Chief Advisor. Tau Beta Pi Engineering Honor Society.

September 1998 - July 2000

Advisor. Tau Beta Pi Engineering Honor Society.

September 1998 - 2005

Co-Advisor. American Society of Heating, Refrigeration, and Air Conditioning Engineers (ASHRAE).

November 1993 - October 1997

Assistant Director. Industrial Assessment Center (IAC), (formerly EADC). Texas A&M University-Kingsville.

February 1995 - February 1997

Executive Committee Member. Building Energy Institute, Texas Energy Coordinating Council.

December 1994

Instructor. Institute for International Education. U.S. Agency for International Development.

November 1994

Instructor. Texas Energy Extension Service. The University of Texas at Arlington.

May 1993 - December 1994

Chairman. Center for Innovation and Teaching Excellence (a focus group sponsored by the National Science Foundation).

Journal Editorships

July 2013 - Present

Associate Editor: *Solar Energy*. Elsevier, Inc.

February 2018 – Present

Guest Editor: *Solar Energy – Special Issue – Progress in the Realization of Zero Energy Buildings* – Elsevier, Inc.

December 2012 – December 2015

Member of the Editorial Board: *Journal of Building Physics*. Sage Publications.

Proceeding Editorships

Co-Editor of the *Proceedings of the APEC Conference on Low Carbon Towns and Physical Energy Storage*, Changsha, China, May 25-26, 2013.

Peer Reviewed Journal Publications

In Preparation for Submission - Corresponding Author(s) Underlined

Submitted for Review - Corresponding Author(s) Underlined

1. Zhang, Y., Sun, X., Xie, K., and Medina, M.A., “An Experimental Method for the Thermal Evaluation of PCM-outfitted Building Envelopes.” *Building Simulation* (October 2021).

Scholarly Presentations (Main Presented Unless Stated Otherwise)

1. “Adaptive Building Enclosure Systems for Year-Round Thermo-Regulation.” Health – Energy Efficiency & Intelligent Building Systems International Workshop. Paris, France, July 12-13, 2021. Dr. Xiaoqin Sun presented.
2. “Assessment of the Thermal Performance and Heat Transfer Regulation in Building External Walls Equipped with Phase Change Materials (PCM).” Seminar 40 – Who Said Thermal Storage Has to be Only in Tanks?” Thermal Storage in Building Envelope. ASHRAE 2020 Virtual Conference. Research Summit Track. June 22 – July 02, 2020.
3. “Thermal Performance of Building Frame Walls Outfitted with Encapsulated PCM Under Full Weather Conditions.” First International Conference on New Horizons in Green Civil Engineering (NHICE-01). Victoria, BC, Canada. April 25-27, 2018.
4. “Exploring an Alternative for Critical Access Hospital: Research-based Design of Future Rural Hospitals.” ARCC 2017 Architecture of Complexity: Design, Systems, Society and Environment Conference. Salt Lake City, Utah, U.S.A. June 14-17, 2017. Dr. Hui Cai presented.
5. “A Survey of Radiant Barrier and Internal Radiation Control Coatings Modeling and Simulations.” International Reflective Insulation Manufacturers (I-RIM) Conference. Hollywood Beach, FL. June 3, 2016. (Invited).
6. “A Collaborative Effort Between Chinese and American Universities for the Study of Phase Change Materials for Heat Transfer Control and Energy Conservation in Buildings.” Changsha University of Science and Technology. Changsha, Hunan, China. September 21, 2015. (Invited).
7. “Radiant Barriers – Why Contractors & Homeowners Need to Understand this Option for Heat Load Reduction.” Southeast Louisiana Coalition of the Air Conditioning Industry. New Orleans, LA. October 2, 2014. (Invited).
8. “State of the Problem in Relation to Software Used to Predict Space Cooling and Heating Energy Use Reductions Produced by Radiant Barriers.” International Reflective Insulation Manufacturers (I-RIM) Conference. London, England, United Kingdom. March 6-7, 2014. (Invited).
9. “Evidence of Energy Savings Produced by Radiant Barriers and Interior Radiation Control Coatings: Experiments and Modeling.” Residential Energy Services Network (RESNET) Conference 2014, Jacksonville, FL. February 24-26, 2014. (Invited).

10. "Next Generation Building Walls Using Nanotechnologies and Phase Change Materials for Energy Management and Conservation." 57th Midwest Solid State Conference. Lawrence, KS. September 28, 2013. (Invited – Keynote Speaker).
11. "HVAC Basics." Sheet Metal and Air Conditioning Contractors' National Association (SMACNA). Evansville, IN. SMACNA Chapter. August 20, 2013. (Invited).
12. "A Collaborative Effort Between Chinese and American Universities for the Study of Phase Change Materials for Heat Transfer Control and Energy Conservation in Buildings." Hunan University, Changsha, Hunan, China. May 29, 2013. (Invited).
13. "On the Use of Phase Change Materials (PCMs) in Building Walls for Heat Transfer Control and Enhanced Thermal Performance." Asia-Pacific Economic Cooperation (APEC) Conference on Low Carbon Towns and Physical Energy Storage. Changsha, Hunan, China. May 25-26, 2013. (Invited – Keynote Speaker).
14. "RESNET, Home Raters, and Reflective Insulation Manufacturers: How All Can Work Together." Residential Energy Services Network (RESNET) Conference 2013, Orlando, FL. February 27-March 1, 2013. (Invited).
15. "Climate-Change Driven Building Design in China: My Experience in China." Tea and Talk Series. University of Kansas Center for East Asian Studies. Lawrence, KS. October 4, 2012. (Invited).
16. "Phase Change Materials in Combination with Existing Insulation for a Superior Thermal Performance of Building Walls." Seventh Global Insulation Conference and Exhibition, Riga, Latvia. September 18-19, 2012. Presentation won "Best Presentation Award." (Invited).
17. "Thermal Performance Evaluation of Building Walls Outfitted with Phase Change Materials (PCMs)." School of Energy and Environment. Southeast University, Nanjing, Jiangsu, China. May 30, 2012. (Invited).
18. "Radiant Barrier Technology." School of Energy and Environment. Southeast University. Nanjing, Jiangsu, China. May 29, 2012. (Invited).
19. "Phase Change Materials Research at the University of Kansas." School of Energy and Environment. Southeast University. Nanjing, Jiangsu, China. May 28, 2012. (Invited).
20. "Fundamentals of Thermal Simulation for the Understanding and Evaluation of Radiant Barriers and IRCCs Performance." International Reflective Insulation Manufacturers (I-RIM) Conference 2012. Fort Lauderdale, FL. May 1-2, 2012. (Invited).
21. "A Summary of Fifty Years of Radiant Barrier Research." Residential Energy Services Network (RESNET) Conference 2012. Austin, TX. February 27-29, 2012. (Invited).
22. "A Comprehensive Study of Radiant Barrier Research Including Laboratory, Field Experiments, and Simulations." Building Enclosure Council (BEC), Kansas City, MO. January 25, 2012. (Invited).
23. "Study of Radiant Barriers in North America." Sixth Global Insulation Conference and Exhibition. Toronto, Ontario, Canada. September 26, 2011. (Invited).
24. "Performance of Attic Radiant Barriers (RBs): A Summary of Published Research." Building Enclosure Council (BEC). ASHRAE Headquarters. Atlanta, GA. May 11, 2011. (Invited).
25. "Performance of Attic Radiant Barriers (RBs) and Interior Radiation Control Coatings (IRCCs): A Summary of Published Research." Reflective Insulation Manufacturers' Association – International (RIMA-I) Bi-Annual Meeting. Anaheim, CA. April 10, 2011. (Invited – Keynote Speaker).
26. "A Comprehensive Study of Radiant Barriers: Experiments, Modeling, and Simulation." International Reflective Insulation Manufacturers (I-RIM) Conference 2010. Barcelona, Spain. June 21-23, 2010. (Invited).
27. "State of Renewable Energy." Professional Development Series 2010. Burns and McDonnell. Kansas City, MO. April 26, 2010.

28. "Proposed Modifications for Models of Heat Transfer Problems Involving Partially-Melted Phase Change Processes." Second Symposium of the American Society of Testing Materials (ASTM) International on Heat-Air-Moisture Transport: Measurements and Implications in Buildings. Vancouver, British Columbia, Canada. April 19-20, 2009.
29. "Radiant Barrier Technology." University of La Reunion, La Reunion, France. May 15, 2009. (Invited).
30. "Performance Evaluation of Phase-Change Frame Walls." University of La Reunion, La Reunion, France. May 19, 2009. (Invited).
31. "Phase-Change Frame Walls (PCFWs) for Peak Demand, Reduction, Load Shifting, Energy Conservation, and Comfort." University of La Reunion, La Reunion, France. May 20, 2009. (Invited).
32. "On the Thermal Performance of Phase Change Materials – Structural Insulated Panels (PCM-SIPs)." University of La Reunion, La Reunion, France. May 22, 2009. (Invited).
33. "A Comparative Heat Transfer Examination of Structural Insulated Panels (SIPs) With and Without Phase Change Materials (PCMs) Using a Dynamic Wall Simulator." University of La Reunion, La Reunion, France. May 26, 2009. (Invited).
34. "An Experimental Study of the Performance of PCM-enhanced Cellulose Insulation Used in Residential Building Walls Exposed to Full Weather Conditions." University of La Reunion, La Reunion, France. May 27, 2009. (Invited).
35. "Thermal Performance of Frame Walls Enhanced with Paraffin and Hydrated Salt Phase Change Materials Using a Dynamic Wall Simulator." University of La Reunion, La Reunion, France. May 29, 2009. (Invited).
36. "Increasing the Overall Efficiency of Commercial and Industrial Refrigerated Vehicles by the Application of a Phase Change Technology Developed at the University of Kansas." University of La Reunion, La Reunion, France. June 2, 2009. (Invited).
37. "Proposed Modifications for Models of Heat Transfer Problems Involving Partially-Melted Phase Change Processes." University of La Reunion, La Reunion, France. June 3, 2009. (Invited).
38. "Whole Building Energy Analysis – An Overview of Building Energy (Thermal) Simulation." Professional Development Series – Spring 2009. Burns and McDonnell, May 4, 2009.
39. "A Comparative Heat Transfer Examination of Structural Insulated Panels (SIPs) With and Without Phase Change Materials (PCMs) Using a Dynamic Wall Simulator." Sixteenth Symposium on Improving Building Systems in Hot and Humid Climates. Plano, TX. December 15-17, 2008.
40. "Phase-Change Frame Walls (PCFWs) for Peak Demand Reduction, Load Shifting, Energy Conservation and Comfort." Sixteenth Symposium on Improving Building Systems in Hot and Humid Climates. Plano, TX. December 15-17, 2008.
41. "An Experimental Study of the Performance of PCM-Enhanced Cellulose Insulation used in Residential Building Walls Exposed to Full Weather Conditions." Sixteenth Symposium on Improving Building Systems in Hot and Humid Climates. Plano, TX. December 15-17, 2008.
42. "A Comprehensive Study of Radiant Barriers" Reflective Insulation Manufacturers Association International (RIMA-I) Bi-annual Meeting. Miami Beach, FL. September 28, 2008. (Invited – Keynote Speaker).
43. "Phase-Change Frame Walls for On-Peak Demand Reduction and Energy Conservation in Residential Buildings: Development, Construction and Evaluation." Fourteenth Symposium on Improving Building Systems in Hot and Humid Climates. Richardson, TX. May 17-19, 2004.
44. "Evaluation of Ceiling Heat Fluxes in Residential Buildings with Attic Radiant Barriers in Prevalent Climates Across the United States." ASCE Architectural Engineering Conference 2003. Austin, TX. September 17-20, 2003.
45. "On the Use of Equation Solvers, Interactive Software, and Hands-on Projects in Integrated Sophomore Engineering Courses." American Society for Engineering Education Annual Conference 2003. Nashville, TN. June 22-25, 2003.

46. "The Building Commissioning Process." Professional Development Series. Professional Development Series 2002. Overland Park, KS. April 15, 2002.
47. "A Semi-Empirical Modeling Technique for Predicting Improved Performance of Water-Cooled Chillers Used in Building Space Cooling Applications." American Society of Mechanical Engineers' Renewable and Advanced Energy Systems for the 21st Century. Lahaina, Maui, HI. April 11-15, 1999.
48. "Modification and Validation of a Universal Thermodynamic Chiller Model Used to Evaluate the Performance of Water-cooled Centrifugal Chillers," Eleventh Symposium on Improving Building Systems in Hot and Humid Climates. Fort Worth, TX. June 1-2, 1998.
49. "Predicting Improved Chiller Performance Through Thermodynamic Modeling" Twentieth Annual National Industrial Energy Technology Conference. Houston, TX. April 22-23, 1998.
50. "Experiences Outside the Industrial Assessment Center (IAC) Program: Mexico." 21st Annual IAC Directors Meeting. U.S. Department of Energy. Baltimore, MD. August 1997.
51. "Perspectives on Energy Efficiency and Cost Savings by U.S. Manufacturers." PRO-ECO Conference 1997. Monterrey, Mexico. June 1997.
52. "Energy Savings in the Manufacturing Industry." National University of El Salvador, San Salvador, El Salvador. May 1997.
53. "Development of a Program to Improve Engineering Education." National University of El Salvador, San Salvador, El Salvador. May 1997.
54. "First Year Analysis of Industrial Energy Conservation/Management of the Texas A&M University-Kingsville Energy Analysis and Diagnostic Center." Pan American Federation of Engineering Societies (UPADI) Conference 1996. San Jose, Costa Rica. August 1996.
55. "Development of a Transient Heat and Mass Transfer Model of Residential Attics Used to Simulate Radiant Barrier Retrofits." American Society of Mechanical Engineering (ASME)/ Japanese Society of Mechanical Engineers (JSME)/ Japanese Solar Energy Society (JSES) Solar Energy Conference 1995. Lahaina, Maui, HI. March 29-24, 1995.
56. "First Year Analysis of Industrial Energy Conservation/Management of the Texas A&M University-Kingsville Energy Analysis and Diagnostic Center." Seventeenth Industrial Energy Technology Conference. Houston, TX. April 1995.
57. "Energy Conservation in Process Industry." United States Agency for International Development. Mexico City, Mexico. December 5-9, 1994.
58. "CABO Model Energy Code Training for Homebuilders." San Antonio Builder's Association. San Antonio, TX. November 15, 1994.
59. "CABO Model Energy Code Training for Homebuilders." Greater Austin Builder's Association. Austin, TX. November 17, 1994.
60. "CABO Model Energy Code Training for Homebuilders." Central Texas Builder's Association. Temple, TX. November 29, 1994.
61. "Economic Evaluation of Insulation/Radiant Barrier Systems for the State of Texas." Ninth Symposium on Improving Building Systems in Hot and Humid Climates. Arlington, TX. May 19-20, 1994.
62. "Effect of Radiant Barrier Technology on Summer Attic Heat Loads in South Texas." Ninth Symposium on Improving Building Systems in Hot and Humid Climates. Arlington, TX. May 19-20, 1994.
63. "Effects of Radiant Barrier Systems on Ventilated Attics in a Hot and Humid Climate." Eighth Symposium on Improving Building Systems in Hot and Humid Climates. Dallas, TX. May 13-14, 1992.
64. "Radiant Barrier Performance During the Heating Season." Eighth Symposium on Improving Building Systems in Hot and Humid Climates. Dallas, TX. May 13-14, 1992.

Funded Research/Projects (Principal Investigator Unless Stated Otherwise)

1. *Field Testing & Validation - Thermal Energy Storage in Public and Commercial Buildings in Sumner County, Kansas For Energy Savings, Demand Reduction and Flexibility*
Source: U.S. Department of Energy/Sumner County, KS
Period: June 2021 – May 2024
Funding: \$142,500
2. *Student Leadership Summit – University Transportation Centers Open Competition*
Source: Mid-America Transportation Center
Period: June 2020 – May 2022
Funding: \$38,651
3. *Assessment of Moisture-Tolerant Coatings for Decreasing Open Top Construction Time*
Source: Electric Power Research Institute (EPRI)
Period: August 2015 - December 2016
Funding: \$188,000 (Co-Principal Investigator; with Dave Darwin, PI, and Matt O'Reilly, Co-PI)
4. *High Performance Design for Health & Wellness: Seeding a Center of Design Excellence for Promoting Efficient Rural Healthcare Settings*
Source: Research Investment Council & Strategic Initiative Grant Program, Level II. University of Kansas.
Period: August 2015 - July 2016
Funding: \$30,000 (Co-Principal Investigator; with Hui Cai, PI, Kent Spreckelmeyer, Co-PI, Hugo Sheward, Co-PI)
5. *Research on the Application of Physical Energy Storage Technology with Renewable Energy in a Low Carbon Town*
Source: Asia Pacific Economic Cooperation/Changsha Maxxon High Tech Co. Ltd. (Changsha, Hunan, China)
Period: December 2012 - December 2013
Funding: \$2,000
6. *Funding for University of Kansas Research and Educational Support for U.S. Army Programs and Initiatives at Fort Leavenworth, Kansas*
Source: Department of Defense/Army Research Laboratory and Army Research Office
Period: March 2011 - March 2014
Total Funding: \$1,940,000 (Thrust 1 Co-Investigator; with Craig Adams, PI)
ARO – Sanitation Project portion: \$251,000 (Co-Investigator)
7. *Increasing the Overall Efficiency of Commercial and Industrial Refrigerated Vehicles by the Application of a Phase Change Technology Developed at the University of Kansas*
Source: U.S. Department of Transportation/Kansas Transportation Research Institute
Period: August 2007 – September 2008
Funding: \$69,410
8. *Increasing the Overall Efficiency of Commercial and Industrial Refrigerated Vehicles by the Application of a Phase Change Technology Developed at the University of Kansas*
Source: U.S. Department of Transportation/Kansas Transportation Research Institute
Period: August 2006 – September 2007
Funding: \$30,590
9. *Enhancing the Experimental Capabilities of the CEAE and AERO Engineering Departments*
Source: General Research Fund/School of Engineering
Period: August 2006 – July 2007
Funding: \$9,600
10. *Improving Life Cycle Performance and Energy Consumption Prediction Using Aged Samples and Electron Microscopy to Examine Thermal and Moisture Performance Due to Natural Deterioration of Roofing Materials*
Source: Energy Research Center. Kansas Geological Survey
Period: August 2006 – July 2007
Funding: \$8,800 (Co-Principal Investigator)

11. *Reducing the Fuel Consumption of Refrigerated Vehicles Via a Phase Change Technology Developed at the University of Kansas*
Source: Energy Research Center. Kansas Geological Survey
Period: August 2006 – July 2007
Funding: \$8,670
12. *Solar Decathlon 2007*
Source: U.S. Department of Energy/National Renewable Energy Laboratory
Period: January 2006 – September 2007
Funding: \$22,000
13. *Evaluation of Radiant Barrier Technologies for Attic Applications Using a Dynamic Heat Transfer Simulator*
Source: Radiant Barrier Technologies, Inc.
Period: March 2006 – December 2006
Funding: \$2,223
14. *Optimal Integration of Renewable and Phase Change Materials in Insulation Systems for the Reduction of Thermal Loads Across Building Walls and Ceilings*
Source: National Science Foundation
Period: September 2006 – November 2010
Funding: \$279,997
15. *Evaluation of Coating Technologies for Attic Applications Using a Dynamic Heat Transfer Simulator*
Source: STS Coatings, Inc.
Period: December 2005 – June 2006
Funding: \$5,494
16. *Research and Development of Services Associated with Waste Recycling and Conversion Technologies.*
Source: Wanan International
Period: August 2005 – December 2005
Funding: \$ 59,737 (Co-Principal Investigator)
17. *Phase-change Frame Walls to Reduce Peak Demand, Shift Load, and Reduce Energy Use in the Coastal Areas of California*
Source: California Energy Commission
Period: January 2005 - December 2005
Funding: \$74,863
18. *Evaluation of PCM-SIP Concept on the Better Building Panels (BBP)*
Source: Better Building Products, LLC.
Period: June 1, 2004 - August 2005
Funding: \$2,838
19. *Design Pressure Losses for As-Installed Flexible Ducts (Grant in Aid for Amy L. Stadler)*
Source: American Society for Heating, Ventilating, and Air-conditioning Engineers, Inc. (ASHRAE)
Period: July 2004 - June 2005
Funding: \$10,000
20. *Paraffin-Based Phase-Change Wall Panels (PCWP) for Building Applications: Mathematical and Computer Model Development (Grant in Aid for Jennifer B. King)*
Sponsor: American Society of Heating, Refrigerating, and Air conditioning Engineers, Inc. (ASHRAE)
Period: July 2003 - June 2004
Funding: \$7,500
21. *Development of Design Specifications, Details, and Design Criteria for Traffic Light Poles*
Source: Kansas Department of Transportation
Period: July 1, 2002 – June 30, 2003
Funding: \$49,945

22. *Development of a Biofluid Warming and Infusion Device for In-field and Emergency Room Use to Prevent and Reverse Hypothermia in Trauma Patients*
Source: General Research Fund/School of Architecture and Urban Development
Period: July 1, 2001 – June 30, 2002
Funding: \$5,226
23. *Characterization and Performance Evaluation of Phase-Change Building Materials -- Phase I: Experimental and Phase II: Modeling*
Source: General Research Fund/School of Architecture and Urban Development
Period: July 1, 2000 – December 31, 2001
Funding: \$11,186
24. *Development of a Research Program in Phase-Change Building Materials (PCBM) for Energy Conservation and Management*
Source: Energy Research Center. Kansas Geological Survey.
Period: June 1, 2000 – December 31, 2001
Funding: \$4,868
25. *Development of a Methodology that Utilizes the Second Law of Thermodynamics to Analyze Heating, Ventilating, and Air-Conditioning (HVAC) Systems*
Source: Research and Public Service. The University of Kansas.
Period: July 1, 1999 – August 31, 2000
Funding: \$5,400
26. *Development of a National Database of Energy Savings in Space Cooling and Heating Loads Produced by Radiant Barrier Technology*
Source: Energy Research Center. Kansas Geological Survey.
Period: June 1, 1999 – August 31, 2000
Funding: \$7,579
27. *Establishment of the Center for the Enhancement of Building Energy Performance*
Source: Custom Energy, LLC
Period: September 1, 1998 - August 31, 1999
Funding: \$49,000
28. *Industrial Energy Technical Assistance to Two Mexican Universities*
Source: University City Science Center/U.S. Department of Energy.
Period: September 1, 1996 - August 31, 1998
Funding: \$28,000
29. *Technical Assistance to Develop the State Agencies Natural Resources End-Use Data Base (SANRED)*
Source: University of Texas' Center for Energy Study/Texas Energy Conservation Office
Period: September 1, 1995 - August 31, 1996 – Funding: \$20,000
Period: September 1, 1994 - August 31, 1995 – Funding: \$29,940
Total Funding (Years 1 – 2): \$49,940
30. *LoanSTAR Energy Program (Loan to Save Taxes And Resources)*
Source: Energy Systems Laboratory/Texas State Energy Conservation Office.
Period: June 1, 1996 - August 31, 1997 – Funding: \$167,781
Period: June 1, 1995 - August 31, 1996 – Funding: \$192,850
Period: June 1, 1994 - August 31, 1995 – Funding: \$176,426
Total Funding (Years 1 – 3): \$537,057
31. *Industrial Assessment Center (IAC) formerly known as Energy Analysis and Diagnostic Center (EADC)*
Source: U.S. Department of Energy.
Period: April 1, 1997 – September 30, 1997 – Funding: \$69,845
Period: October 1, 1996 – March 31, 1997 – Funding: \$80,905
Period: April 1, 1996 – September 30, 1996 – Funding: \$80,905
Period: October 1, 1995 – March 31, 1996 – Funding: \$80,905
Period: April 1, 1995 – September 30, 1995 – Funding: \$60,425

Period: October 1, 1994 – March 31, 1995 – Funding: \$60,025
Period: October 1, 1993 – September 31, 1994 – Funding: \$67,263
Total Funding (Years 1 – 4): \$500,273
(One of two Co-Investigators with no Principal Investigator)

32. *Technical and Economic Evaluation of Radiant Barrier Technology in South Texas*

Source: Texas Center for Energy and Mineral Resources.
Period: September 1, 1993 - December 31, 1994
Funding: \$23,747

33. *Model Institutions for Excellence*

Source: National Science Foundation.
Period: September 1, 1993 - June 30, 1994
Funding: \$74,945
(Co-Principal Investigator)

Professional Affiliations

- Architectural Engineering Institute (AEI)
 - Member of the Academic Council
- American Society for Testing and Materials International (ASTM International)
 - Voting Member of Committee C16 (Thermal Insulation)
- American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE)
 - Corresponding Member of Technical Committee 4.4 (Building Materials and Building Envelope Performance)
- National Institute of Building Sciences (NIBS)
- Building Enclosure Technology and Environment Council (BETEC)
- Building Enclosure Council (BEC)
- American Association of Civil Engineers (ASCE)
- American Solar Energy Society (ASES)
- International Solar Energy Society (ISES)

Academic Affiliations

- Tau Beta Pi National Engineering Honor Society.
- Pi Tau Sigma International Mechanical Engineering Honor Society
- Phi Alpha Epsilon Honor Society for Architectural Engineers

Honors and Awards

- Chair's Council Associate Professor of Civil, Environmental & Architectural Engineering – 2020.
- Bellows Scholar Award 2019 for Outstanding Achievement in Teaching and Service. University of Kansas School of Engineering – 2019.
- Henry E Gould Award for Teaching. University of Kansas School of Engineering (Given by the Engineering Student Body) – 2019.
- Xingcheng Friendship Award. Given by Changsha Municipal People's Government. Hunan, China. 2015.
- Certificate of Honor: *A New Millennium Yuelu Visiting Scholar in 2013*. Given by the Yuelu Academy. Hunan University – 2013.
- Best Presentation Award for the paper "Phase Change Materials in Combination with Existing Insulation for a Superior Thermal Performance of Building Walls." *Proceedings of the 7th Annual Global Insulation Conference and Exhibition*, Riga, Latvia – September 19, 2012.
- H.O.P.E. Award Finalist – Honor for an Outstanding and Progressive Educator. Top 5 finalist. Only award given for teaching excellence by the entire university student body – November 12, 2011.
- Bellows Scholar Award 2006 for Outstanding Achievement in Research and Service. University of Kansas School of Engineering – 2006.
- Appointed Chief Advisor to Kansas Alpha: Tau Beta Pi Engineering Honor Society Chapter at the University of Kansas – July 2000.
- Outstanding Service Award – Office of Industrial Technologies, U.S. Department of Energy. August 1997.
- Selected to Chair the Center for Innovation and Teaching Excellence focus group - National Science Foundation's Model Institution for Excellence Program - 1993 - 1994.
- Elected to Tau Beta Pi Engineering Honor Society - 1987.

- Elected to Pi Tau Sigma Mechanical Engineering Honor Society – 1987.

Service Record – National and International

- Delegate, (Appointed) Architectural Engineering Institute Academic Council (8/14 - Present).
- Editor, Associate, *Solar Energy*, Elsevier, Inc. (6/2013 - Present).
- Voting Member, ASTM C16 (Thermal Insulation) (2011 - Present).
- Member, Reflective Insulation Manufacturers Association (RIMA) International. Member of the organization and member of the Strategic Alliance Committee and member of the Technical Committee (2009 - 2018).
- Corresponding Member of Technical Committee 4.4, American Society for Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) (8/1998 - Present)
- Program Reviewer, King Fahd University of Petroleum and Minerals (Fall 2017).
- Reviewer for several journal in my field of research, including, but not limited to *Solar Energy*, *Energy and Buildings*, *Applied Energy*, *Energy*, *Building Physics*, *ASHRAE Transactions*, *Journal of Architectural Engineering*.

Service Record – Regional and State

- Steering Committee, Kansas Public Schools Diploma+ Program (2017).
- Advisory Committee, Kansas Public Schools College and Career Academies (2017 - Present).
- Member, Olathe Schools 21st Century Academies (2017 - Present).

Service Record – University

- Sabbatical Leave Committee (2019).
- Search Committee for the Associate Provost for Diversity and Inclusion (2019 – 2020).
- Member, Safe Zone. (January 31, 2017 - Present).
- Participant, Mental Health First Aid Training. (January 5, 2017 - Present).
- Chair, Restricted Research Subcommittee/Faculty Senate. (Fall 2016 - Spring 2017).
- Participant, UndoKumented Safe Zone. (April 21, 2017).

Service Record – School

- President, Engineering Senate. (Fall 2018 – Spring 2019).
- Vice President, Engineering Senate. (Fall 2017 – Spring 2018).
- Secretary, Engineering Senate. (Fall 2016 - Spring 2017).
- Member, IHAWKe Advisory Board. IHAWKe: Indigenous, Hispanic, African-American and Women KU engineers (2017 - 2018).
- Member, Engineering Advising Team (EAT). (Fall 2014 - Present).
- Faculty Advisor, Tau Beta Pi Engineering Honor Society. (August 2005 - Present).
- Member, Diversity Coordinator Search Committee. (Fall 2017).

Service Record – Department

- Chair, Retention Committee (August 2014 – August 2019).
- Chair, ARCE Steering Committee (April 2015 - Present).
- Co-Chair, Recruiting Committee (August 2014 - Present).
- Chair, Co-Chair, Curriculum Committee (January 2014 - Present).
- Chair, Co-Chair, ABET Committee. Prepared the Self-Study Report for ARCE (2018).
- Faculty Advisor, Student Group Funding Committee (August 1, 2014 - Present).
- Faculty Advisor, Architectural Engineering Institute (2016- Present).
- Advisor, Freshmen, Transfer, and International Advising (2015 - Present).
- Representative, Engineering Academic Showcase (2017 - Present).
- Representative, Scholar's Day, Open House, Academic Information Meetings (2015 - Present).

M.S. and Ph.D. Committees Chaired

Master of Science

Name	Discipline	In Progress/Graduated
Abu El Rub, Esraa	Construction Management	In Progress
Alhaj Issa, Alaa	Architectural Engineering	In Progress
Benke, Russel	Architectural Engineering	In Progress
Horton, Breta	Architectural Engineering	Spring 2019 (with Honors)
Aaron Rosen	Architectural Engineering	Summer 2018
McFarlane, Matthew	Architectural Engineering	Summer 2018
McGinnis, Alan	Architectural Engineering	Spring 2018
Chen, Yifan	Architectural Engineering	Fall 2017
Ali, Sarah	Architectural Engineering	Summer 2017
Kuppusamy, Arun	Architectural Engineering	Spring 2016 (with Honors)
Swaback, Matthew	Architectural Engineering	Fall 2015
Clark, Colin	Architectural Engineering	Fall 2015
Peek, Brent	Architectural Engineering	Spring 2015
Goebel, Loryn	Architectural Engineering	Spring 2015
Chotangada, Somana	Architectural Engineering	Fall 2014
Lee, Kyoung Ok	Architectural Engineering	Spring 2013 (with Honors)
Varadarajan, Krupasagar	Mechanical Engineering	Spring 2011
Reshmeen, Silvia	Architectural Engineering	Spring 2009
Ahmed, Mashud	Mechanical Engineering	Spring 2009
Evers, Angela	Architectural Engineering	Spring 2008 (with Honors)
Zhu, Dandan	Architectural Engineering	Spring 2005
King, Jennifer	Architectural Engineering	Spring 2004
Zhang, Meng	Architectural Engineering	Spring 2003
Frempong, Michael	Architectural Engineering	Spring 2000

Prior to Joining the University of Kansas

Medrano, Armando	Mechanical Engineering	Spring 1998
Figuerola, Irene	Mechanical Engineering	Spring 1998
Gonzales, Mario	Mechanical Engineering	Spring 1997
Hernandez, Martin	Mechanical Engineering	Spring 1997
Mathew, Mathew	Mechanical Engineering	Spring 1995

Doctor of Philosophy

Name	Discipline	In Progress/Graduated
Arjmandmazidi, Habib	Civil Engineering (*)	In Progress
Xie, Kun	Civil Engineering (*)	In Progress
Khokher, Shawn	Architecture	In Progress (Co-Chair)
Rastegar, Roja	Architecture	In Progress (Co-Chair)
Lee, Kyoung Ok	Civil Engineering (*)	Spring 2014 (with Honors)
Fang, Yuan	Civil Engineering (*)	Spring 2009 (with Honors)

(*) The Architectural Engineering Program at the University of Kansas does not offer the Ph.D. degree. Students specializing in building physics, building energy systems, building energy efficiency and similar fields enroll in the *Ph.D. in Civil Engineering* degree.

Doctor of Philosophy from Other Universities Jointly Supervised

Name	Discipline	Year Graduated	University/Country
Sun, Xiaoqin	Building Energy	2014	Hunan University/China
Jin, Xing	Building Energy	2011	Southeast University/China

Post-Doctoral Scholars Supervised

Name	Discipline	Period	University/Country
Sun, Xiaoqin	Building Energy	9/16/17 – 9/18/19	Changsha University of Science and Technology/China
Zhang, Yuan	Building Energy	6/1/18 – 6/1/19	Jiangsu University/China

Courses Taught

Course Number	Course Name	Period
ARCE 350	Building Materials Science	Fall 1998 – Fall 2000 Spring 2001 – Spring 2005 Fall 2005 – Fall 2008 Spring 2010 – Spring 2012 – Spring 2020
ARCE 351	Building Materials Science, Honors	Spring 2017 – Spring 2020
ARCE 561	Principles of Bldg Mech Sys	Spring 1999 – Spring 2001 Spring 2005 – Spring 2007
ARCE 660	Building Thermal Science	Fall 2001 – Fall 2020
ARCE 670	Building Thermal Science, Honors	Fall 2017 – Fall 2020
ARCE 663	Energy Management	Spring 2000 Spring 2003 – Spring 2004 Spring 2006 – Spring 2009 Fall 2009 – Fall 2010 Spring 2012 – Spring 2017
ARCE 764	Adv. Thermal Analysis of Bldgs	Fall 1999
ARCE 681	ARCE Senior Design Project II	Spring 2007 Spring 2010
ARCE 690	Special Topics: Adv. Bldg. Energy Modeling	Spring 2009
CE 201	Statics	Summer 2008
CE 300	Dynamics	Summer 2008
CE 301	Statics and Dynamics	Summer 2008
CE 310	Strength of Materials	Fall 2000 – Fall 2001 Summer 2000 – Summer 2020
Prior to Joining the University of Kansas		
ME 255	Statics and Dynamics	Spring 1993
MEEN 2303	Integrated Mechanics II	Spring 1997
ME 347/MEEN 3347	Thermodynamics	Spring 1993 – Spring 1998 Fall 1993 – Fall 1997
ME 341/MEEN 4131	Mechanical Engineering Laboratory	Fall 1994 – Fall 1997
ME 346	Energy Systems	Spring 1995
ME 503	Advanced Energy Systems	Fall 1993 Spring 1995
MEEN 5347	Advanced Thermodynamics	Fall 1995
